ITEM No: 6. AGENDA NOTE PUT UP BY SLCF MEMBERS FOR DISCUSSION:

6.1. Agenda note put up by SgTPP

Effect of SgTPP Rev.06 dated 20/06/2017 was given from your side at 89th block of on date, but corresponding Rev.18 of WBSLDC was received at 96th block of the said date. No communication (viz. Email, fax or even telephonic call) was made from WBSLDC end. Therefore SgTPP could not meet the schedule generation for that duration of time. So for those blocks (from block No. 90 to 96 of dated 20/06/2017) AG/SG<95% is not acceptable from SgTPP end. And SgTPP demands to consider DC 450 MW instead of 530 MW for block No. 89 to 96 dated 20/06/2017.

6.2. Agenda note put up by BkTPP

In BkTPP 11 Nos of APEX 100 meters were installed during 01.08.16 to 17.08.16 against all outgoing feeders and no time synchronization has been provided. So, till then no time synchronization has been done & now drift by more than 2 mins. An email has already been sent to central testing department for the above requirement but no reply came.

6.2. Agenda note put up by WBSEDCL

Formulation of scheduling procedure regarding availability and schedule of DPL generation w.r.t WBSEDCL and ramping up/down rate of the same needs to be done.
